## DETAILED ACTION

### *Response to Arguments*

Applicant's arguments with respect to claims 16-17 and 23 are have been considered but are moot in view of the new ground(s) of rejection.

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 16-17 and 23 are rejected under 35 U.S.C. 102(b) as being anticipated by either one of Gade or Fife. Either patent clearly teaches a plurality of removable decorative and separate water control elements, a decorative water spout and a decorative shower arm.

### *Conclusion*

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George L. Walton whose telephone number is (703) 308-2596.
